STORY **FIRST**

WHO WE ARE

An **Ideal Space** For Your Production Needs

Just outside of Philadelphia sits a quiet, spacious, and state-of-the-art production studio, newly expanded and renovated in 2022. The full-service studio offers a 20' x 15' stage, 10' cyc wall with lighting grid, high-intensity studio lighting and a green/white cyc wall (infinity backdrop) with a cove. There is plenty of on-site parking and load-in access is only 20 feet from the stage.

Enhanced **Amenities**

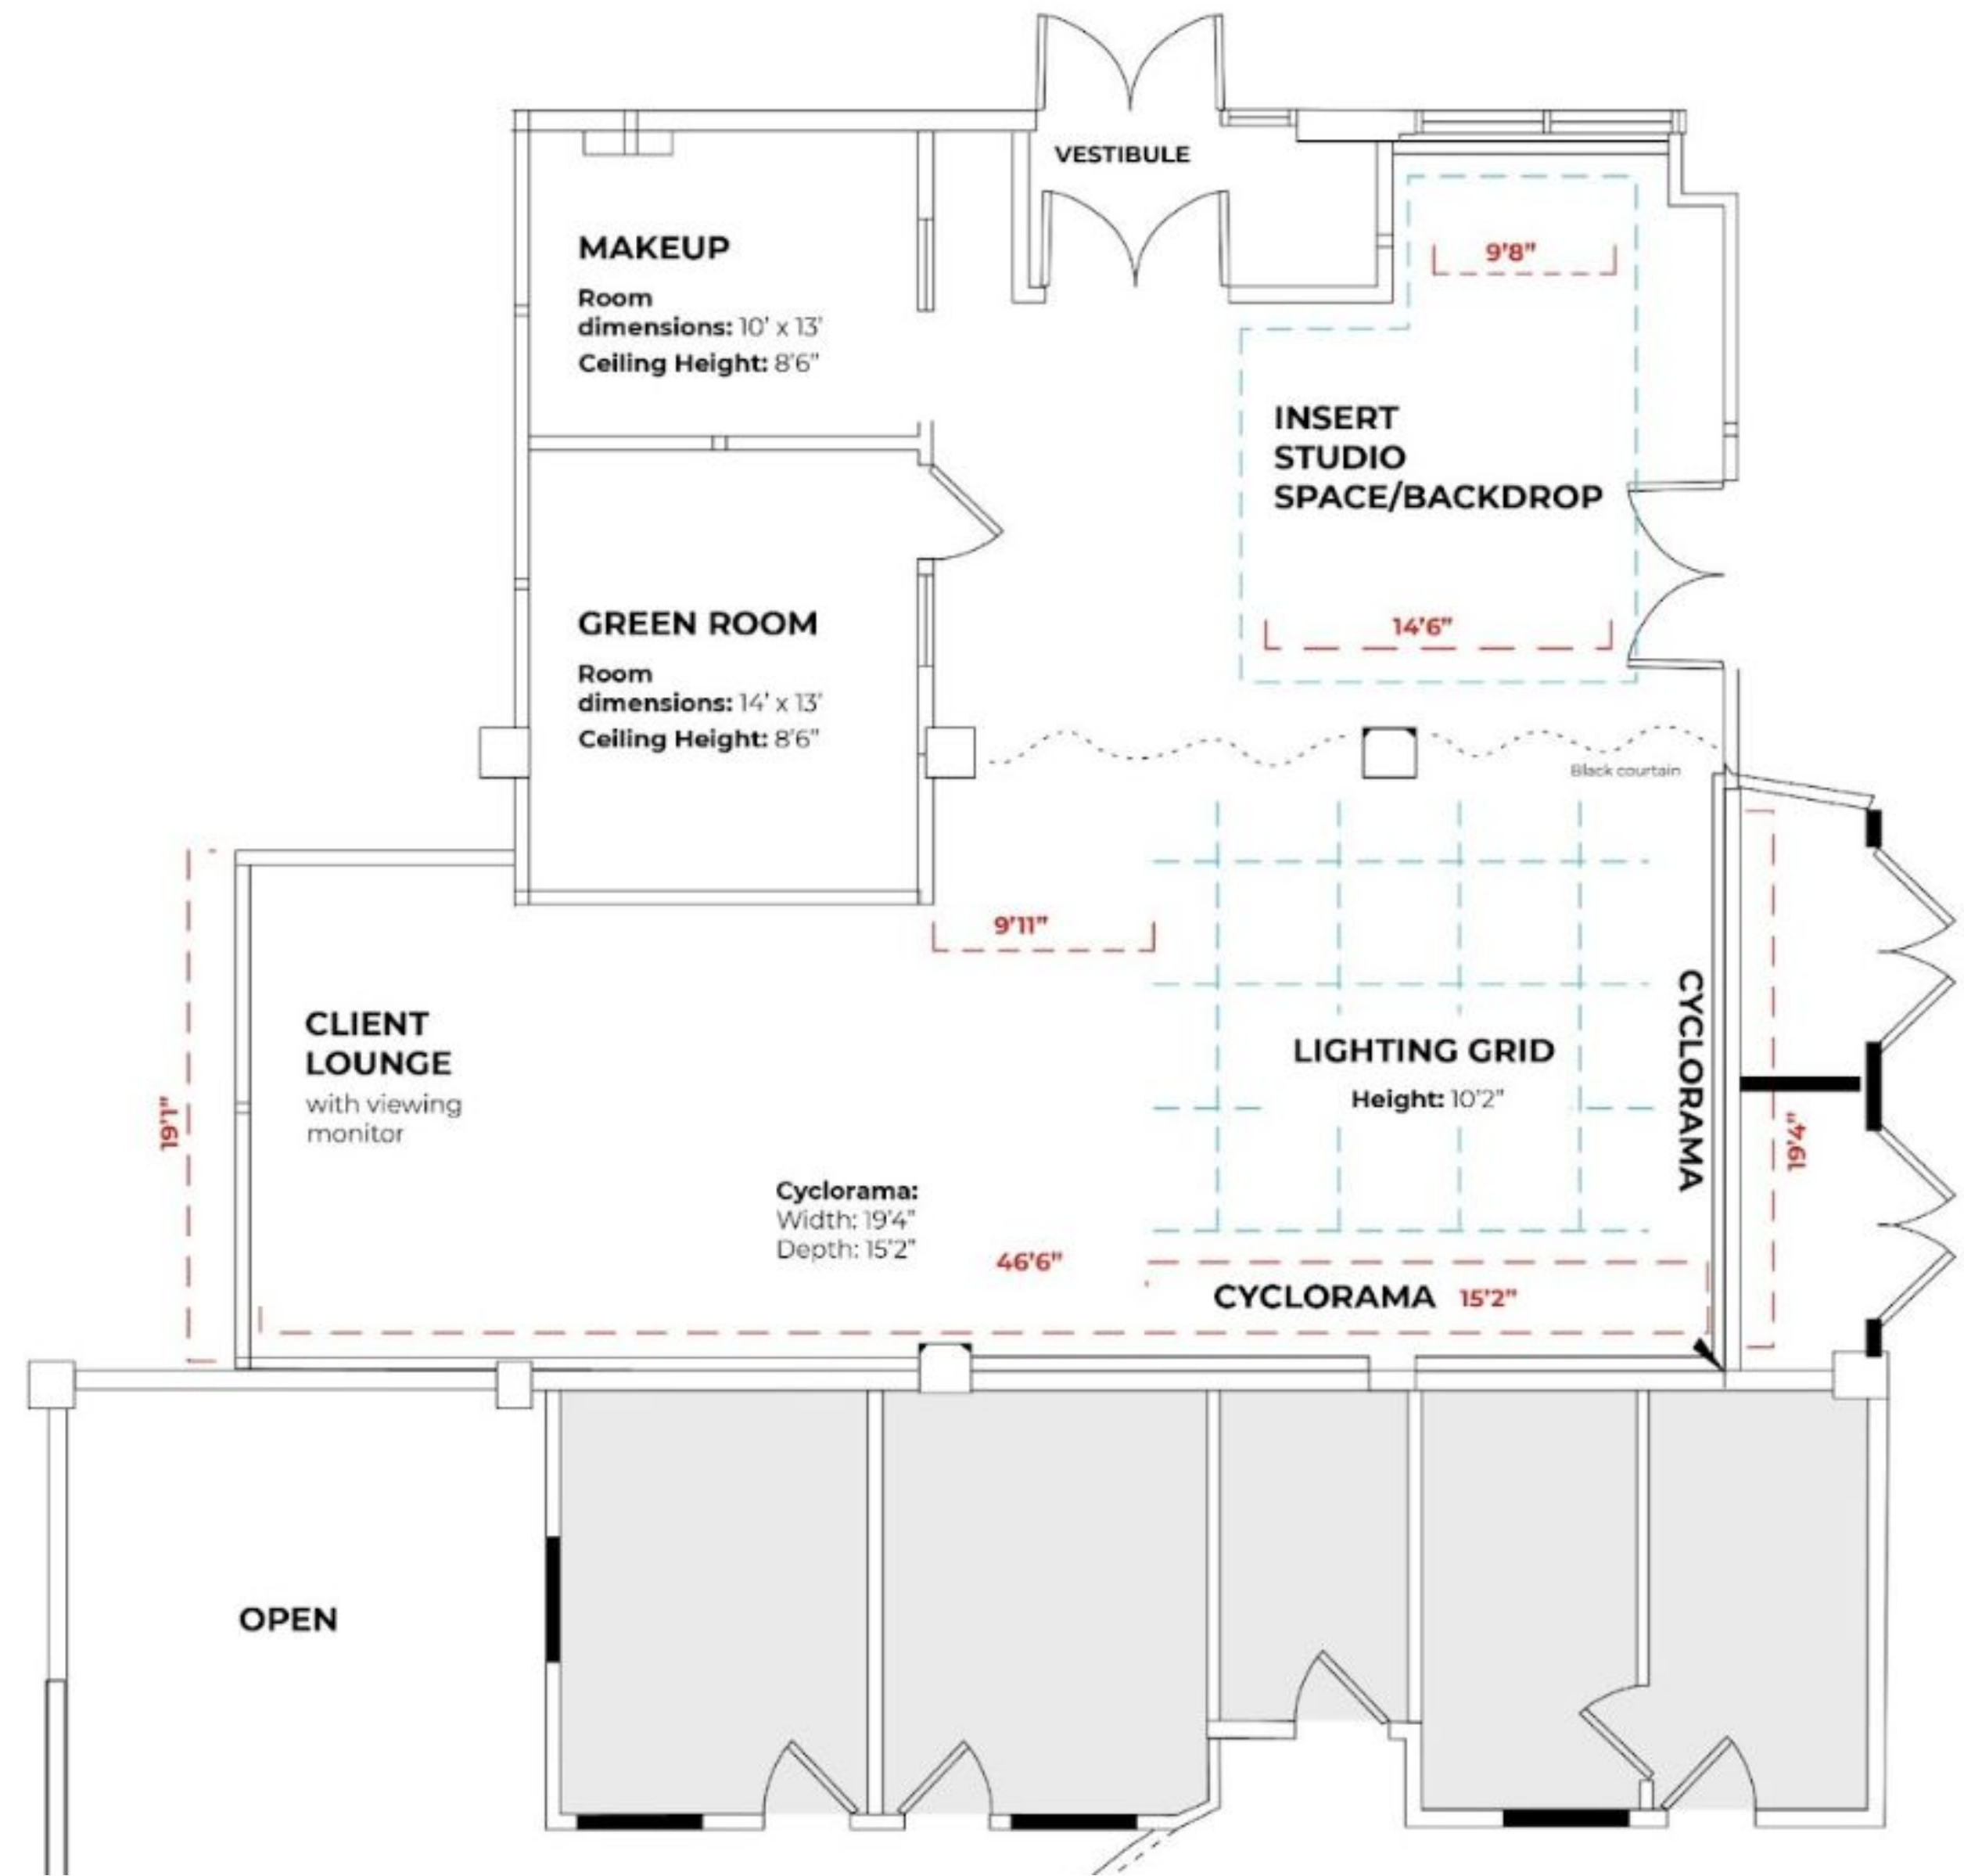

With nearly 2,000SF of total space, there is ample room for crew, talent, and clients, including separate makeup and green rooms, as well as full bathrooms and a catering-ready kitchen. The space includes a lounge area where clients and talent can relax near a pre-wired video village. The rental fee includes electricity and basic grip equipment, with access to Bowstring's extensive lighting, camera and grip catalogs that are always available as additional services. As a full-service production studio, Bowstring can also help with crew, editorial, graphics, post sound – ask us how we can be your partner in your next production.
